  - Please visit our website or call Fernando for registration information <http://www.centralctahec.org/>

Central CT Area Health Education Center is pleased to announce that we are now offering American Red Cross Adult and Pediatric First Aide, CPR, AED classes. The class leads to a two year certification which is authorized by The American Red Cross.

The classes are open to anyone in the community who is interested in being prepared for the unlikelihood of a cardiac emergency that can occur suddenly and without warning. This course is also ideal for those individuals where CPR certification is a requirement of the job.

The classes will be provided at a reduced price. Organizations interested in our classes can schedule exclusive dates just for groups of their employees or clients .
